

Position Posting – Project Engineer

Sequoyah Electric is an industry leader in the design, construction and maintenance of electrical and low voltage systems in the Puget Sound Area. We are currently seeking Project Engineers to work in our Redmond, WA office and/or onsite at one of our Puget Sound area jobsites. This position requires experience with electrical estimating and construction project management. Position responsibilities include cost control, estimating, submittal preparation, change orders, correspondence, drawing updates, issue resolution and project management support.

Qualification Requirements:

- Minimum 0-3 years of experience in the construction industry with a commercial and/or industrial contractor performing estimating and/or project management duties
- Bachelor's degree in electrical engineering or construction management or equivalent field and project management experience
- Strong project management skills with ability to manage project priorities and documentation
- Ability to produce electrical estimates utilizing software-based electrical estimating program (McCormick or similar)
- Good understanding of principles, methods, and techniques of architectural, civil, mechanical, and electrical engineering; Familiarity with construction means and methods
- Knowledgeable of the National Electrical Code
- Well-developed interpersonal and written communication skills
- Ability to accurately and calmly handle multiple priorities with interruptions and still meet deadlines
- Self-starter capable of working independently and as a member of a team

Employee Benefit Program includes:

- Employer Paid Medical, dental and vision for employee and dependents
- 401(k) and Roth(k) retirement plans with company contribution
- Paid time off
- Employee and Dependent Life Insurance
- Long-Term Disability and AD&D income protection
- AFLAC supplemental healthcare coverage and un-reimbursed medical plans also available

How to Apply:
